

## All About Photo Unveils Winners of the AAP Magazine #43: Colors

FOR IMMEDIATE RELEASE : LOS ANGELES, NOVEMBER 7, 2024

AAP Magazine is delighted to unveil the winners of its 43<sup>rd</sup> photography contest, dedicated to the dynamic and expressive theme of Colors. This vibrant edition celebrates the power of color to tell stories and capture the depth of human experience. Colors go beyond mere hues—they embody emotions, highlight moods, and frame moments that resonate universally.

This year, we honor 25 talented photographers from 15 countries across 4 continents. Their captivating works range from bold, striking palettes to soft, ethereal pastels, each image presenting a unique take on color's role in visual storytelling. The winning photographers demonstrate a mastery of color, using it to enhance the emotional and sensory impact of their scenes.

We invite viewers to explore AAP Magazine 43 and discover these exceptional perspectives on color, a testament to the magic that hues bring to the art of photography.

The Winner of *AAP Magazine #43: Colors* is Fabien Dendiével (France) with the project *United Colors*.

## About AAP Magazine

All About Photo invites dedicated and passionate photographers from all around the world to share their work in its printed edition. Each issue is central to a specific theme and provides a gallery of inspiring imagery, focusing on each artist with their own experience to share.

We are honored to be a part of the process of jurying work from such an amazing call for entry and to be able to design such a beautiful, hand-curated publication of the best contemporary photography. We showcase exclusively the winners of AAP Magazine's call of entries organized by All About Photo all year long.

With an eye towards beauty, quality and novelty, we strive to promote portfolios which stand out for their unique visual signature style and character. Our goal is to help photographers get the exposure we think they deserve and to inspire the others with ideas, projects and goals to help develop their own photography.
